MC STRATEGIES CONNECT – PARTNERS IN LEARNING

ENABLES ONLINE DELIVERY OF WORLD RENOWNED ELSEVIER LESSONS AND CONTENT THROUGH OTHER LEARNING MANAGEMENT SYSTEMS

Is your organization currently engaged in e-learning initiatives with another learning management system provider? **MC Strategies Connect** enables delivery of world renowned Elsevier lessons/content through other learning management systems – providing seamless integration.

Our technically efficient **MC Strategies Connect** design supports a single pass-through login for the learner and authenticates based upon credentials supplied by the client’s current LMS System. Once logged in and validated by the LMS, users do not need to toggle between systems. The transition is quick, easy and highly efficient.

MC Strategies Connect allows 3rd party learning management systems to treat each lesson as if it were an e-learning lesson within their host system - enabling each organization to use current practices for assignment, tracking and reporting based upon their existing LMS implementation.

Content

With **MC Strategies Connect**, your organization has ready access to content designed by healthcare professionals, for healthcare professionals- including lessons in areas critical to running a successful healthcare operation, such as Coding/Compliance, HIPAA, Nursing and Management Leadership Skills. These lessons/content are authored by our own internal subject matter experts, as well as our trusted partners in e-learning, including JCR, ENA, AACN, HFMA, HIMSS and JEMS and many others.

Over half of Elsevier | MC Strategies’ 5000 lessons are available through **MC Strategies Connect** - that’s more content than most of our competitor’s comprehensive offerings. Our superior content and world-class service makes **MC Strategies Connect** a compelling choice for online learning in the healthcare and allied health industries.
